

How To Vote Virtually Using EasyPoll

It is very important that the Secretary, Region 8 have your correct email and credentials on file before the start of the Business Assembly.

1. The Secretary of Region 8, the “Voting Administrator,” will have constructed a ballot for the motion or election.
2. When it is time for the vote, the secretary will send each credentialed virtual representative an email that will look fairly similar to the one below:

TO: REMOTE VOTER
FROM: REGION8 REMOTE VOTING ADMINISTRATOR

Please double click on the voting link below. When done the voting ballot will appear on your screen (it is interactive). Please vote when instructed to do so by the voting administrator. Vote for 1 only unless otherwise instructed.

LINK:

<http://www.easypolls.net/poll.html?p=55c8c41ee4b0e200525f8e8e>

3. After you click on the link, you will see the ballot that has been created. Select your choice and press VOTE.
4. Each motion or election will have a separate ballot and email prompt.

That’s all there is to it!

The software compiles the votes and records only the totals.
